

A BETTER WAY

GIRL GARBAGE

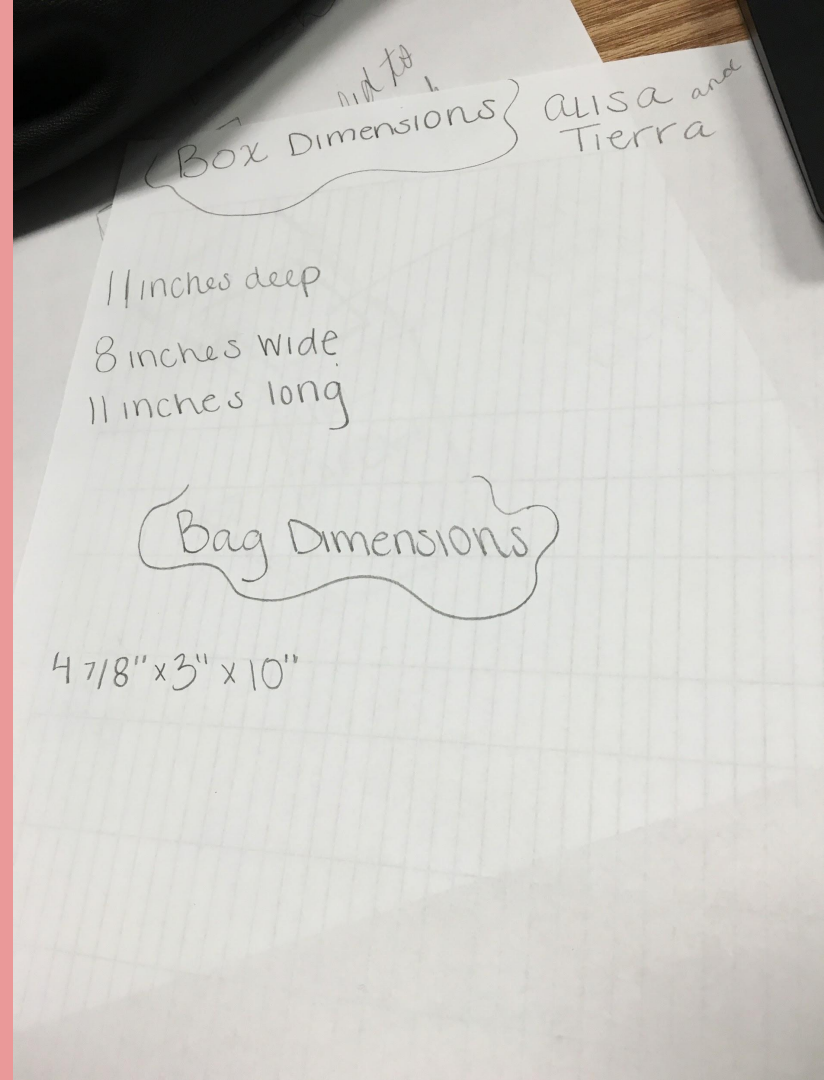

BY: ALISA & TIERRA

OUR MISSION.....

We are working on a better way to keep the girls bathroom a cleaner, fresher, and safer place. The problem that occurs in the girls bathroom is the lack of feminine baskets. Our goal is to create waste bins and put them in each stall.

WHAT WE HAVE COMPLETED.....

Due to our “missing materials” this is our display. Here is the dimensions along with the ag dimensions.

Box Dimensions

Aisa and
Tierra

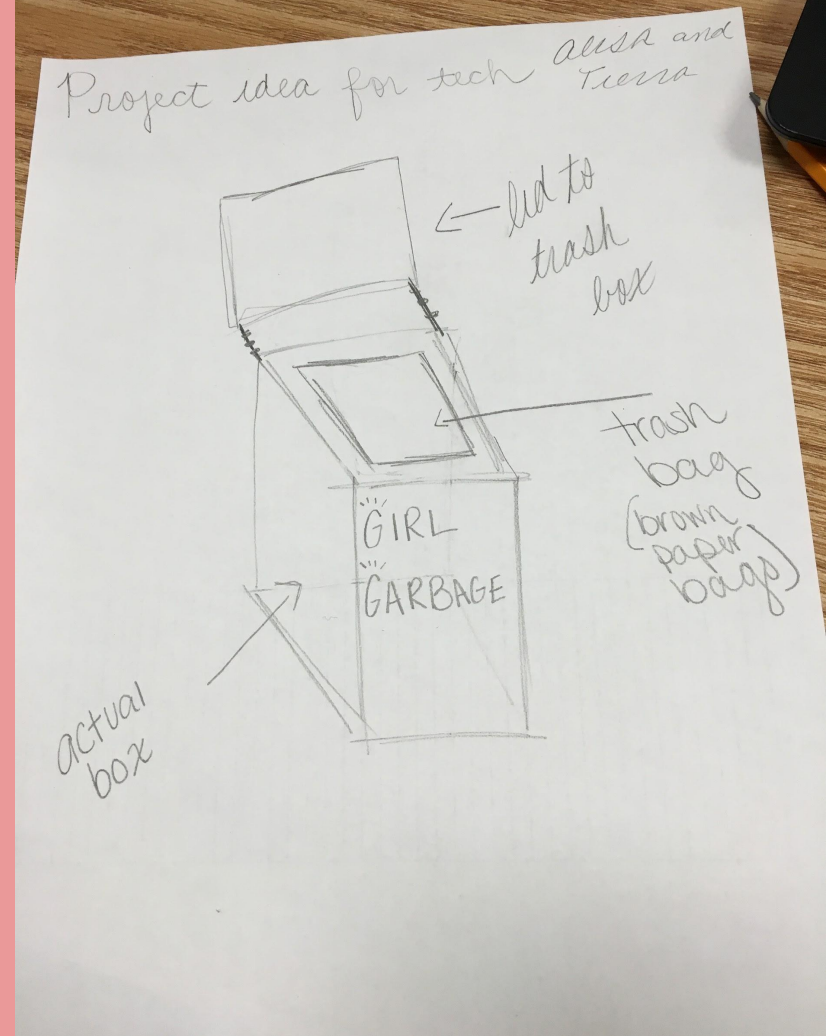

11 inches deep
8 inches wide
11 inches long

Bag Dimensions

4 7/8" x 3" x 10"

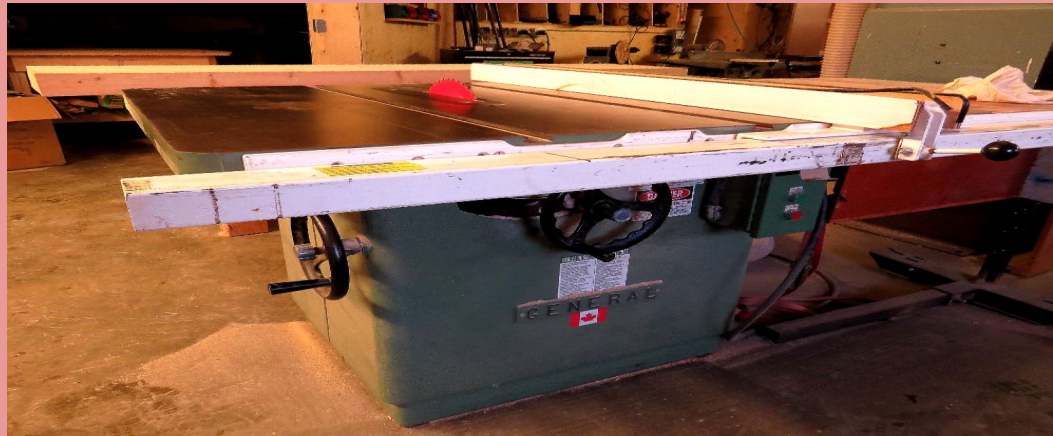

SCREENSHOT OF SKETCH

Here is a screenshot of our sketch. We included features such as a lid, a trash bag, and the Name of our box. Yes, Gir Garbage, creating a better way of feminine hygiene issues in our restrooms.

TECHNOLOGY..... AT A GLANCE

For this project most of our time was spent in the makerspace. We used the table saw and the other saw. Technology wasn't something we really incorporated into our project. This being that a wastebin doesn't require much
