

Service Learning Project

Savannah Mapp-Evans

Guiding question or problem

- Environmental issues that affect Philadelphia
- Why does community service matter?
- What role do we play in helping/harming our environment?

Why it matters to the community

- **Helps us address the environmental issues in Philadelphia.**
- **Keeping our community clean helps us come together.**
- **Learning more about our community and environment.**

Process and steps taken

- Filling out weekly journals about our environment
- Weekly capstone meetings
- Going to the Audubon Mid-Atlantic/Discovery Center
- Helping pick out invasive plants and bird watching

Final Outcome

- Having a community is important
- Keeping your environment clean and safe should be a priority
- Being open to learn more about your city/environment
- Maintaining habits that don't harm you or the environment that you live in
- Teaching other people why it is important to keep your community clean

Thank You
